

Broadway Gynecology - Self-Pay Rates

Our self-pay rate for an Annual Gynecological Exam is \$250 for a new patient and \$150 for an established patient.

Our self-pay rate for Ultrasound (Sonogram) is \$250 per session.

What if my insurance is not in-network?

At this time, we are able to accommodate in-network insurance companies and self-paying patients. The reason for this is that it is unlikely that we will be reimbursed from an insurance that we are not currently in-network with and it is a long and unfruitful process to attempt reimbursement.

Please call our office if you have any questions regarding self-pay.
